There is a proposal by the Government of India to merge The Jute Corporation Of India Limited with The Cotton Corporation of India Limited both being public sector Undertakings. (“PSUs”). A new entity with wider scope of business covering development of all types of textile fibers to be constituted.

A brief overview of the PSUs is as follows:

- ***The Cotton Corporation of India Ltd:***

A Friend to Cotton Farmer & A Dependable Supplier of Cotton to the Textile Industry. CCI was established on 31<sup>st</sup> July 1970 under the administrative control of Ministry of Textiles, Government of India as a Public Sector Undertaking under the Companies Act 1956.

In the initial period of setting up, as the only public sector undertaking in the field of marketing of cotton, CCI played a role of a canalizing agency for imports of cotton and purchase of raw cotton for giving necessary price support to enterprising cultivators and also for procuring raw cotton for textile mills.

The role and function of CCI continued to enlarge with the changing cotton scenario in the country. Now, the major role of the CCI is to undertake price support operations, whenever the market prices of kapas fall below the minimum support prices (MSP) announced by the Govt. of India, without any quantitative limit. Besides MSP operations, CCI undertakes commercial purchase operations to fulfil the raw material requirement of the domestic textile industry.

With a view to safeguard the economic interest of cotton farmers in all the cotton growing regions and to ensure smooth supply of good quality cotton to the textile industry in India, the Corporation is having pan India presence through its headquarter at CBD Belapur, Navi Mumbai (Maharashtra), 19 branches and more than 400 cotton procurement centres in all major cotton growing States. CCI Operations cover all the cotton growing states in the country comprising of:

- Punjab, Haryana, Rajasthan & Delhi in Northern Zone

- Andhra Pradesh, Telangana, Karnataka & Tamil Nadu in Southern Zone

- ***The Jute Corporation of India Ltd.***

The Jute Corporation Of India Limited (JCI) was incorporated by the Government Of India in 1971 as a price support agency with a clear mandate for the procurement of raw jute / mesta without any quantitative limit from the growers at the minimum Support price (MSP) declared in each year by the Government Of India based on the recommendations made by the Commission for Agricultural Cost & Prices (CACP). This protects the jute growers from exploitations in the hands of the middle men. The basic objective is not profit making but a social cause to protect the interest of about 4 million families engaged in farming of jute , most of whom are small / marginal farmers. Therefore the presence of JCI in the market provide stability in the raw jute prices.

## ACTIVITIES

- Procurement Operation of Raw Jute under MSP operation and commercial operation is done as per the situation. Procurement is done either through JCI's DPCs and / or through Cooperatives.
- Sales Operation of Raw jute through B-T will Linkage (for MSP Purchased jute) or through e-auction/ e-tender (for commercial procurements) processes.
- Price Stabilisation Activity: Involvement of JCI in commercial trading through judiciously chosen procurement and sales prices, controls the market by maintaining optimally stabilised price range almost throughout the jute year.
- Diversified Business Activities:
  1. JCI started trading activities of various Jute diversified products like Jute shopper bag, Jute bottle bag, Jute packaging items, Jute stationary items like file – folder, Jute upholstery etc.
