Testing and Auditing details	
Testing URL	https://www.jutecorp.in/, https://jutecorp.mounttalent.com/ (staging)
Production URL	https://www.jutecorp.in/
Audit Details	Round I: 08.05.2025 to 22.05.2025 Round II: 02.07.2025 to 08.07.2025
Conclusion and Recommendations	
Conclusion	Mentioned development URL has been thoroughly tested while adhering to CERT-IN testing standards and found to be free of OWASP Top 10 and other known web application related vulnerabilities only lower version of php is restricting to implement some minor changes like CSP header in staging environment and this issue is justified by client and we conclude that the application is safe for hosting.
Recommendations	Regular security assessments and ongoing maintenance are crucial to ensure the continued protection of sensitive data and safeguard against emerging threats.
